Aloha,
Here is our updated availability as of August 1st, 2009.

In this inventory, we have included some newly planted material for our landscape architects and for contractors whose jobs are still a ways out. As we are always changing our stock and availability, if there is something you need and don't see please contact us. We are happy to contract grow just about any material you need and love to hear feedback on what you want but can't find a good supply of. Thank you to everyone who filled out our questionnaire attached to our last inventory. Your input is most valued!

We have added a new feature to our inventory & website. Items with an  icon will have a photo attached to the availability posted on our website WWW.SHARONSPLANTS.COM. This will allow you to view items that are on special, and different items you may not be familiar with. Please remember we are more than happy to email you photos of any material you may be interested in.

Don't forget we still offer FREE DELIVERY with a minimum purchase on Oahu! We also ship to all outer islands via pallet, G-van, or flat rack.

Mahalo for being a Sharon's Plants customer,
Robin Petersen
General Manager
